

## AP Latin Summer Assignment

*Omnes,*

*I hope you are all enjoying your summer so far.*

*This year, AP classes will be assigned summer work. For AP Latin, I am going to ask that you read all of Caesar's Commentarii de Bello Gallico in English (Books I-VIII). You may use any translation you wish, but I will provide the link to one below.*

*You will have an assessment on this early in the year. It is critical that you take good notes. You will be allowed to use these on the assessment.*

*I would try to have 1-2 line summary for each section, and make sure to keep a list of the important characters you meet, there will be many, and their names will be confusing.*

*The reading isn't that long, but it is an English translation of something that was written over 2,000 years ago, so it might be awkward.*

*Enjoy your summer, valete!*
